

Are you Ready. . . HIPAA Ready?

HIPAA Rx™

HIPAA Rx Compliance Tool Kit

HIPAA Rx is designed to help to assist small-to-medium sized healthcare providers in learning, identifying and implementing the federally mandated HIPAA privacy and security requirements. HIPAA Rx Toolkit includes an interactive software CD with eleven modules that guide your organization to achieve HIPAA compliance.

The easy to use software guides the privacy officer, office manager, or designated official through a step-by-step approach to meeting the different requirements without feeling overwhelmed. To simplify compliance further, the HIPAA Rx Toolkit includes a training video on HIPAA and the included software on both VHS and CD formats.

Once your organization has developed its HIPAA compliance manual with mandated policies and procedures, HIPAA Rx can also assist you in training and educating your entire staff.
